Dear Pat:

According to every indication here, Friday night was definitely a complete success. I cannot ever remember this group so enthusiastic over an evening's activity.

In other words WCSR's very kind hospitality was most appreciated by all who were able to come to Northampton, not to mention the considerable number who wished they might, only to find they had a radio station to run that evening right here at Yale.

For all who worked in the organization of the evening at this end, for those who participated in the actual broadcasting, the hangers-on and myself, certainly one of the last mentioned-- many, many thanks to you and to every member of WCSR for making it possible.

Very sincerely,

Miss Patricia Butler
Station Manager WCSR
Smith College
Northampton, Massachusetts
